trupanion™

Medical insurance for the life of your pet.

Trupanion is the most pet-focused insurance coverage in the world.

There's pet insurance—then there's Trupanion. Here is why we are the best:

Trupanion pays first
By eliminating paperwork with one-click claims and paying the hospital directly, we help practices and pet parents save time and money, and focus on getting pets the care they need.

One great plan
With one simple plan, we cover our share of all eligible expenses. Unlike competitors who offer multiple plans with differing levels of coverage, we provide the most comprehensive coverage available.

We don't dictate cost
Pet parents are able to access care at their favorite veterinarian—for whatever is needed, with no payout limits or treatment caps. Not annually. Not per condition. Not ever.

Personalized service
Our local Territory Partners provide in-person support to you and your team. Our best-in-class care team is available 24/7/365.

We're dedicated to supporting the veterinary community
With initiatives like #EarsToVets, MightyVet,™ Colleague Consult, and TruCuddle,™ we prioritize supporting, giving back to, and engaging with pet healthcare providers.

WE KNOW TRUPANION PETS LIVE LONGER, HAPPIER LIVES.[1]
