### Rusty's Story

Condition: Injuries from vehicular trauma

"We activated an Exam Day Offer with Trupanion for our dog Rusty following a visit with our veterinarian. Three weeks later, Rusty was hit by a truck [...] The cost of his visit and recovery could be well over \$10,000 and my family needed to make a choice. I immediately called Trupanion and filed a claim. Within 20 minutes, I had a call back with the approval [...] Our family is still complete today because of them and we will be forever thankful. All of our animals are now covered under Trupanion and it gives me peace of mind."

## Come here.

We need to talk.

# Your best friend deserves the best.

The Trupanion policy can help protect your pet and your finances.

One simple plan gets you:

## No Payout Limits

No payout limits means your coverage won't end and the amount of care your pet receives will not be limited because your pet is unlucky or develops a chronic condition. And your rates won't increase because you've made claims.

## 90% Coverage

The Trupanion policy picks up 90% of eligible veterinary costs, including hospital stays, diagnostic tests, medications, surgeries, and other treatments when your pet is sick or hurt.

## Financial Flexibility

Pick your monthly premium to fit your budget—from \$0 to \$1,000—without changing your coverage.

## Care Anywhere

Whether you visit your current veterinarian or an emergency or specialty hospital, you get the same great coverage at any veterinary practice in the United States, Canada, or Puerto Rico.

## Common Health Issues

You want to provide the best for your pet — and so does your veterinarian. Medical insurance for pets helps you provide the care they need, when they need it.
